| De producten bevatten geen zwaveldioxide en sulfieten in concentraties van meer dan 10 mg per kilo of liter.                                                                                                                                          |                                                            |                                                                                     |
| *Opmerking: Bij de BelTacos wordt, naast de Sauce Fromagère Spéciale Tacos, ook een extra saus naar keuze van de klant toegevoegd. Houd daarom rekening met de allergenen van deze bijkomende saus. Alle sauzen zijn opgenomen in de allergenentabel. |                                                            |                                                                                     |
